PAUL McDONNELL
ASSISTANT COUNTY EXECUTIVE OFFICER
COUNTY FINANCE DIRECTOR

June 29, 2017

The purpose of this communication is to advise the Department of Water Resources that the County of Riverside ("the County") does not intend to form a Groundwater Sustainability Agency ("GSA") for high and medium priority groundwater basins and sub-basins within the unincorporated areas of the County. For any portion or portions of such groundwater basins and sub-basins not covered by an adjudication or by a management area of another agency's GSA, the County will engage as a stakeholder with the appropriate participating GSAs. To that end, the County intends to enter into Memorandums of Agreement or other legal agreements with partner GSAs within its jurisdiction for the purpose of maintaining land use authority while supporting sustainability goals of the Sustainable Groundwater Management Act.

Alex Gann
Deputy County Executive Officer
